ENRICHING THE QUALITY OF PEOPLES LIVES

Since the 1980s, family-owned and operated Oxford Developments has carved an impressive niche in the land development and construction industries across the Greater Toronto Area. This forward-thinking firm has extensive experience in creating residential, and estate residential communities that satisfy the highest criteria in design and constructive excellence.

The company has expanded to work with a series of builder partners who embrace the tradition on which Oxford Developments was created. We work together to streamline the process for our clients, from concept to completion. For us, building effective relationships paves the way to building superb homes and communities.
